

BERRY DELIGHT

Fibre and antioxidants

This Healthy Delicacy is concocted with a flavourful mix of cranberries, blueberries and blackberries, making it an exceptional source of fibre and antioxidants.

Antioxidants play an important role in strengthening the immune system and preventing a variety of chronic diseases.

Blueberries and blackberries don't just taste good—they're rich in fibre, which promotes regular bowel function and healthy digestion. It's a nutritious and delicious snack with big benefits for your dog's health!
